

**IF YOU'RE GETTING INTO GROUP STRENGTH,
GET THE EQUIPMENT THAT WAS MADE FOR IT.**

With the *Group Strength*® line, Iron Grip offers the most comprehensive family of innovative free weight equipment in the industry. And like everything else in the Iron Grip line, *Group Strength* offers plenty of benefits for you and your members. It's easy to use, due to the ergonomic handgrips and the commercial grade, quick release collars. It's exceptionally sturdy, due to the new longer bar design, capable of handling up to 100 pounds. It's safe, due to the plates' integrated handgrips and their 12-sided anti-roll design. It's facility friendly due to the urethane-encased plates. And *Group Strength* is brought to you by a name you and your members know and trust, Iron Grip.
