

**STILL THE  
INDUSTRY  
HEAVYWEIGHT  
AND STRONGER  
THAN EVER.**

**40  
IRON GRIP**

There's a reason Iron Grip is the biggest name in commercial free weight equipment worldwide. But being the biggest means much more than just size alone. It means more production capacity and shorter lead times. It means greater industry expertise and a greater ability to implement product innovations. And it means the industry's best customer service.
